

❄️ **Magic  
Reindeer  
Food** ❄️

Santa's reindeer come once a year  
And sometimes the night isn't very clear  
So help the reindeer find their way  
Straight to your house with Santa's sleigh.

Sprinkle this liberally on the lawn  
The reindeer will be there before next dawn.  
They'll smell the food and see crystals shine  
And hurry fast to see what they will find.

But they'll only come when you're in bed.  
So spread the food and lay down your head.  
On Christmas morn, the results you'll see  
When Santa's gifts are under the tree!
